4. CONFIDENTIALITY AND NON-DISCLOSURE; SECURITY BREACH REPORTING

4.1 Confidentiality of Contractor Information. The Contractor acknowledges and agrees that this Contract and any and all Contractor information obtained by the State in connection with this Contract are subject to the State of Vermont Access to Public Records Act, 1 V.S.A. § 315 et seq.

The State will not disclose information for which a reasonable claim of exemption can be made pursuant to 1 V.S.A. § 317(c), including, but not limited to, trade secrets, proprietary information or financial information, including any formulae, plan, pattern, process, tool, mechanism, compound, procedure, production data, or compilation of information which is not patented, which is known only to the Contractor, and which gives the Contractor an opportunity to obtain business advantage over competitors who do not know it or use it.

The State shall immediately notify Contractor of any request made under the Access to Public Records Act, or any request or demand by any court, governmental agency or other person asserting a demand or request for Contractor information. Contractor may, in its discretion, seek an appropriate protective order, or otherwise defend any right it may have to maintain the confidentiality of such information under applicable State law within three business days of the State's receipt of any such request. Contractor agrees that it will not make any claim against the State if the State makes available to the public any information in accordance with the Access to Public Records Act or in response to a binding order from a court or governmental body or agency compelling its production. Contractor shall indemnify the State for any costs or expenses incurred by the State, including, but not limited to, attorneys' fees awarded in accordance with 1 V.S.A. § 320, in connection with any action brought in connection with Contractor's attempts to prevent or unreasonably delay public disclosure of Contractor's information.

The State agrees that (a) it will use the Contractor information only as may be necessary in the course of performing duties, receiving services or exercising rights under this Contract; (b) it will provide at a minimum the same care to avoid disclosure or unauthorized use of Contractor information as it provides to protect its own similar confidential and proprietary information; (c) except as required by the Access to Records Act, it will not disclose such information orally or in writing to any third party unless that third party is subject to a written confidentiality agreement that contains restrictions and safeguards at least as restrictive as those contained in this Contract; (d) it will take all reasonable precautions to protect the Contractor's information; and (e) it will not otherwise appropriate such information to its own use or to the use of any other person or entity. Contractor may affix an appropriate legend to Contractor information that is provided under this Contract to reflect the Contractor's determination that any such information is a trade secret, proprietary information or financial information at time of delivery or disclosure.

4.2 Confidentiality of State Information. In performance of this Contract, and any exhibit or schedule hereunder, the Party acknowledges that certain State Data (as defined below), to which the Contractor may have access may contain individual federal tax information, personal protected health information and other individually identifiable information protected by State or federal law. Before receiving or controlling State Data, the Contractor will have an information security policy that protects its systems and processes and media that may contain State Data from internal and external security threats and State Data from unauthorized disclosure, and will have provided a copy of such policy to the State. State Data shall not be stored, accessed from, or transferred to any

location outside the United States. Notwithstanding the foregoing, the State Acknowledges that certain non-identifiable information (such as page volumes) may be collected by Contractor for its own internal business purposes and transmitted to Contractor's corporate affiliate in Japan.

Unless otherwise instructed by the State, Contractor agrees to keep confidential all information received by Contractor from the State in connection with this Contract ("State Data"). The Contractor agrees not to publish, reproduce, or otherwise divulge any State Data in whole or in part, in any manner or form or authorize or permit others to do so. Contractor will take reasonable measures as are necessary to restrict access to State Data in the Contractor's possession to only those employees on its staff who must have the information on a "need to know" basis. The Contractor shall use State Data only for the purposes of and in accordance with this Contract. The Contractor shall provide at a minimum the same care to avoid disclosure or unauthorized use of State Data as it provides to protect its own similar confidential and proprietary information. The foregoing obligations with respect to the confidentiality of State Data shall not apply where such information is (i) generally known to the public; (ii) already known to Ricoh at the time of disclosure; or (iii) required to be disclosed by compulsory process of law or demand of legal authority, including any court or governmental agency.

The Contractor shall promptly notify the State of any request or demand by any court, governmental agency or other person asserting a demand or request for State Data to which the Contractor or any third party hosting service of the Contractor may have access, so that the State may seek an appropriate protective order.

4.3 Security of State Information. The Contractor represents and warrants that it has implemented and it shall maintain during the term of this Contract commercially reasonable standard (suitable for a company of its size and industry) administrative, technical, and physical safeguards and designed to (i) ensure the security and confidentiality of State Data; (ii) protect against any anticipated security threats or hazards to the security or integrity of the State Data; and (iii) protect against unauthorized access to or use of State Data. Such measures shall include at a minimum: (1) access controls on information systems, including controls to authenticate and permit access to State Data only to authorized individuals and controls to prevent the Contractor employees from providing State Data to unauthorized individuals who may seek to obtain this information (whether through fraudulent means or otherwise); (2) industry-standard firewall protection; (3) encryption of electronic State Data while in transit from the Contractor networks to external networks; (4) measures to store in a secure fashion all State Data which may include multiple levels of authentication; (5) dual control procedures, segregation of duties, and pre-employment criminal background checks for employees with responsibilities for or access to State Data; (6) measures to ensure that the State Data shall not be altered or corrupted without the prior written consent of the State; (7) measures to protect against destruction, loss or damage of State Data due to potential environmental hazards, such as fire and water damage; (8) staff training to implement the information security measures; and (9) monitoring of the security of any portions of the Contractor systems that are used in the provision of the services against intrusion on, if available, a twenty-four (24) hour a day basis. Contractor's obligations regarding the security and safeguarding of State Data, both in this section and elsewhere in this Agreement, shall apply only to State Data that is stored on, transmitted to or from, or processed by means or assets that are owned or controlled by Contractor. RICOH DOES NOT GUARANTY AND DISCLAIMS ANY WARRANTY THAT THE SERVICES OR PRODUCTS SUPPLIED UNDER THIS AGREEMENT ARE SUITABLE TO MEET THE STATE'S DATA SECURITY OBJECTIVES OR REGULATORY REQUIREMENTS.

"The Contractor represents and warrants that it has implemented and it shall maintain during the term of this Contract commercially reasonable standard (suitable for a company of its size and industry) administrative, technical, and physical safeguards and designed to (i) ensure the security and confidentiality of State Data; (ii) protect against any anticipated security threats or hazards to the security or integrity of the State Data; and (iii) protect against unauthorized access to or use of State Data."

"Contractor's obligations regarding the security and safeguarding of State Data, both in this section and elsewhere in this Agreement, shall apply only to State Data that is stored on, transmitted to or from, or processed by means or assets that are owned or controlled by Contractor."

4.4 Back-Up Policies: The Contractor's back-up policies as applicable have been made available to the State upon execution of this Contract under separate cover. The Contractor shall provide the State with not less than thirty (30) days advance written notice of any material amendment or modification of such policies.

4.5 Security Breach Reporting. The Contractor acknowledges that in the performance of its obligations under this Contract, it will be a "data collector" pursuant to Chapter 62 of Title 9 of the Vermont Statutes (9 V.S.A. §2430(3)). In the event of any actual or suspected security breach the Contractor either suffers or learns of that either compromises or could compromise State Data (including PII, PHI or ePHI) in any format or media, whether encrypted or unencrypted (for example, but not limited to: physical trespass on a secure facility; intrusion or hacking or other brute force attack on any State environment; loss or theft of a PC, laptop, desktop, tablet, smartphone, removable data storage device or other portable device; loss or theft of printed materials; or failure of security policies) (collectively, a "Security Breach"), and in accordance with 9 V.S.A. § 2435(b)(2), the Contractor shall immediately notify appropriate State personnel of such Security Breach.

The Contractor's report shall identify: (i) the nature of the Security Breach; (ii) the State Data used or disclosed; (iii) who made the unauthorized use or received the unauthorized disclosure; (iv) what the Contractor has done or shall do to mitigate any deleterious effect of the unauthorized use or disclosure; and (v) what corrective action the Contractor has taken or shall take to prevent future similar unauthorized use or disclosure. The Contractor shall provide such other information, including a written report, as reasonably requested by the State.

The Contractor agrees to comply with all applicable laws, as such laws may be amended from time to time (including, but not limited to, Chapter 62 of Title 9 of the Vermont Statutes, HIPAA and/or HITECH) that require notification in the event of unauthorized release of personally-identifiable information or other event requiring notification. In the event of a breach of any of the Contractor's security obligations or other event requiring notification under applicable law ("Notification Event"), the Contractor agrees to fully cooperate with the State, assume responsibility for such notice if the State determines it to be appropriate under the circumstances of any particular Security Breach, and assume all costs associated with a Security Breach and Notification Event, including but not limited to, notice, outside investigation and services (including mailing, call center, forensics, counsel and/or crisis management), and/or credit monitoring, in the sole determination of the State.

5 SUBCONTRACTORS

Contractor shall be responsible for directing and supervising each of its subcontractors and any other person performing any of the Work under an agreement with Contractor. Contractor shall be responsible and liable to the State for all acts or omissions of subcontractors and any other person performing any of the Work under an agreement with Contractor or any subcontractor.

6 CONTRACTOR'S REPRESENTATIONS AND WARRANTIES

6.1 General Representations and Warranties. The Contractor represents, warrants and covenants that:

- (i) The Contractor has all requisite power and authority to execute, deliver and perform its obligations under this Contract and the execution, delivery and performance of this Contract by the Contractor has been duly authorized by the Contractor.
- (ii) There is no outstanding litigation, arbitrated matter or other dispute to which the Contractor is a party which, if decided unfavorably to the Contractor, would reasonably be expected to have a material adverse effect on the Contractor's ability to fulfill its obligations under this Contract.
- (iii) The Contractor will comply with all laws applicable to its performance of the services and otherwise to the Contractor in connection with its obligations under this Contract.
- (iv) The Contractor owns, or has the right to use under valid and enforceable agreements, all intellectual property rights reasonably necessary for and related to delivery of the services and provision of the deliverables as set forth in this Contract and none of the deliverables or other materials or technology provided by the Contractor to the State will infringe upon or misappropriate the intellectual property rights of any third party.
- (v) The Contractor has adequate resources to fulfill its obligations under this Contract.

6.2 Contractor's Performance Warranties. Contractor represents and warrants to the State that:

- (i) All deliverables will be free from material errors and shall perform in accordance with the specifications therefor.
- (ii) Each and all of the services shall be performed in a timely, diligent, professional and workpersonlike manner, in accordance with the highest professional or technical standards applicable to such services, by qualified persons with the technical skills, training and experience to perform such services in the planned environment. At its own expense and without limiting any other rights or remedies of the State hereunder, the Contractor shall re-perform any services that the State has determined to be unsatisfactory in its reasonable discretion, or the Contractor shall refund that portion of the fees attributable to each such deficiency.
- (iii) All Deliverables supplied by the Contractor to the State shall be transferred free and clear of any and all restrictions on the conditions of transfer, modification, licensing, sublicensing and free and clear of any and all lines, claims, mortgages, security interests, liabilities and encumbrances or any kind.
- (iv) Any time software is delivered to the State, whether delivered via electronic media or the internet, no portion of such software or the media upon which it is stored or delivered will have any type of software routine or other element which is designed to facilitate unauthorized access to or intrusion upon; or unrequested disabling or erasure of; or unauthorized interference with the operation of any hardware, software, data or peripheral equipment of or utilized by the State.

Notwithstanding the foregoing, Contractor assumes no responsibility for the State's negligence or failure to protect data from viruses, or any unintended modification, destruction or disclosure.

6.3 Limitation on Disclaimer. The express warranties set forth in this Contract shall be in lieu of all other warranties, express or implied. Contractor disclaims all warranties concerning Products and services that are manufactured or rendered by parties other than Contractor. If Contractor receives warranties from the manufacturers of such Products or services, Contractor will transfer such third party warranties to the State, to the extent transferable, without recourse against Contractor.

6.4 Effect of Breach of Warranty. If, at any time during the term of this Contract, software or the results of Contractor's work fail to perform according to any warranty of Contractor under this Contract, the State shall promptly notify Contractor in writing of such alleged nonconformance, and Contractor shall provide at no additional cost of any kind to the State, the maintenance required.

7 INDEMNIFICATION.

The Contractor acknowledges and agrees that the laws and the public policy of the State of Vermont prohibit the State from agreeing to indemnify contractors and other parties. The Contractor agrees that, to the extent a Contractor Document expressly provides for or implies indemnification of the Contractor and/or other third parties by the State, such sections shall be waived and shall have no force and effect with respect to the State.

Notwithstanding anything to the contrary set forth in Attachment C of this Contract, the Contractor shall have no obligation to indemnify the state, its officers or employees from and against any claims, suits, actions, losses, damages, liabilities, costs and expenses attributable solely to the acts or omissions of the State, its officers, employees or agents.

The parties agree that nothing in Section 14.b of the Master Agreement is meant to obligate Contractor to indemnify for third party (non-Ricoh branded) Products purchased hereunder that may come with their own warranties and indemnity for infringement of intellectual property rights. In addition, Section 14.b.2 of the Master Agreement is further clarified with the following: "If such a claim is made or appears likely to be made, the Indemnified Party agrees to permit Contractor to enable Indemnified Party to continue to use the Product, or to modify it, or replace it with one that is at least functionally equivalent."

8 PROFESSIONAL LIABILITY INSURANCE COVERAGE.

In addition to the insurance required in Attachment C to this Contract, before commencing work on this Contract and throughout the term of this Contract, Contractor agrees to procure and maintain Technology Professional Liability insurance for services performed under this Contract, with minimum third party coverage of \$2,000,000 per claim, \$3,000,000 aggregate, and first party Breach Notification Coverage of not less than \$2,000,000.

9 SOVEREIGN IMMUNITY. The Contractor acknowledges that the State reserves all immunities, defenses, rights or actions arising out of the State's sovereign status or under the Eleventh Amendment to

the United States Constitution. No waiver of any such immunities, defenses, rights or actions shall be implied or otherwise deemed to exist by reason of the State's entry into this Contract.

10 DISPUTE RESOLUTION

- 10.1 Governing Law; Jurisdiction.** The Contractor agrees that this Contract, including any Contractor Document, shall be governed by and construed in accordance with the laws of the State of Vermont and that any action or proceeding brought by either the State or the Contractor in connection with this Contract shall be brought and enforced in the Superior Court of the State of Vermont, Civil Division, Washington Unit. The Contractor irrevocably submits to the jurisdiction of such court in respect of any such action or proceeding. The State shall not be liable for attorneys' fees in any proceeding.
- 10.2 Contractor Default.** The Contractor shall be in default under this Contract if Contractor commits any material breach of any covenant, warranty, obligation or certification under this Contract, fails to perform the Services in conformance with the specifications and warranties provided in this Contract, or clearly manifests an intent not to perform future obligations under this Contract, and such breach or default is not cured, or such manifestation of an intent not to perform is not corrected by reasonable written assurances of performance within thirty (30) days after delivery of the State's notice period, or such longer period as the State may specify in such notice.
- 10.3 State Default.** State shall be in default under this Contract if State commits any material breach or default of any covenant, warranty, or obligation under this Contract and State fails to cure such failure within thirty (30) business days after delivery of Contractor's notice or such longer period as Contractor may specify in such notice.
- 10.4 Trial by Jury.** The Contractor acknowledges and agrees that public policy prohibits the State from agreeing to arbitration and/or from waiving any right to a trial by jury. Therefore, Contractor further acknowledges and agrees that, to the extent a Contractor Document expressly provides for arbitration or waiver of the State's right to a jury trial of the Contractor and/or other third parties by the State, such sections shall be waived and shall have no force and effect with respect to the State.
- 10.5 Trade Secret, Patent, and Copyright Infringement.** The State shall not be deemed to waive any of its rights or remedies at law or in equity in the event of Contractor's trade secret, patent and/or copyright infringement.
- 10.6 Limits on Actions Prohibited.** The Contractor acknowledges and agrees that 12 V.S.A. § 465 renders null and void any contractual provision which limits the time in which an action may be brought under the contract, or waives the statute of limitations.
- 10.7 Continuity of Performance.** In the event of a dispute between the Contractor and the State, each party will continue to perform its obligations under this Contract during the resolution of such dispute unless and until this Contract is terminated in accordance with its terms.

11 REMEDIES FOR DEFAULT;

In the event either party is in default under this Contract, the non-defaulting party may, at its option, pursue any or all of the remedies available to it under this Contract, including termination for cause, and at law or in equity.

12 TERMINATION.

12.1 Intentionally Omitted.

12.2 Return of Property. Upon termination of this Contract for any reason whatsoever, Contractor shall immediately deliver to State all State Intellectual Property and State Data (including without limitation any Deliverables for which State has made payment in whole or in part), that are in the possession or under the control of Contractor in whatever stage of development and form of recordation such State property is expressed or embodied at that time, and, if specifically directed by the State, Contractor shall destroy all State Data in its possession, power or control in a manner that assures the State that the information is rendered unrecoverable.

12.3 No Waiver of Remedies. No delay or failure to exercise any right, power or remedy accruing to either party upon breach or default by the other under this Contract shall impair any such right, power or remedy, or shall be construed as a waiver of any such right, power or remedy, nor shall any waiver of a single breach or default be deemed a waiver of any subsequent breach or default. All waivers must be in writing.

12.4 Contractor Bankruptcy. Contractor acknowledges that if Contractor, as a debtor in possession, or a trustee in bankruptcy in a case under Section 365(n) of Title 11, United States Code (the "Bankruptcy Code"), rejects this Contract, the State may elect to retain its rights under this Contract as provided in Section 365(n) of the Bankruptcy Code. Upon written request of the State to Contractor or the Bankruptcy Trustee, Contractor or such Bankruptcy Trustee shall not interfere with the rights of the State as provided in this Contract, including the right to obtain the State Intellectual Property.

13 ACCESS TO STATE DATA:

Within ten (10) business days of a request by State, the Contractor will make available to State a complete and secure (i.e. encrypted and appropriately authenticated) download file of State Intellectual Property and State Data in a format acceptable to State including all schema and transformation definitions and/or delimited text files with documented, detailed schema definitions along with attachments in their native format. *Provided, however,* in the event the Contractor ceases conducting business in the normal course, becomes insolvent, makes a general assignment for the benefit of creditors, suffers or permits the appointment of a receiver for its business or assets or avails itself of or becomes subject to any proceeding under the Federal Bankruptcy Act or any statute of any state relating to insolvency or the protection of rights of creditors, the Contractor shall immediately return all State Intellectual Property and State Data to State control; including, but not limited to, making all necessary access to applicable remote systems available to the State for purposes of downloading all State Data.

The Contractor's policies regarding the retrieval of data upon the termination of services have been made available to the State upon execution of this Contract under separate cover. The Contractor shall provide the State with not less than thirty (30) days advance written notice of any material amendment or modification of such policies.

14 STATE FACILITIES.

14.1 During the term of this Contract, the State may make available to Contractor space in any State facility applicable to the Services, subject to the conditions that Contractor: (i) shall only use such

space solely and exclusively for and in support of the Services; (ii) shall not use State facilities to provide goods or services to or for the benefit of any third party; (iii) shall comply with the leases, security, use and rules and agreements applicable to the State facilities; (iv) shall not use State facilities for any unlawful purpose; (v) shall comply with all policies and procedures governing access to and use of State facilities that are provided to Contractor in writing; (vi) instruct Contractor personnel not to photograph or record, duplicate, disclose, transmit or communicate any State information, materials, data or other items, tangible or intangible, obtained or available as a result of permitted use of State facilities; and (vii) return such space to the State in the same condition it was in at the commencement of this Contract, ordinary wear and tear excepted. State facilities will be made available to Contractor on an "AS IS, WHERE IS" basis, with no warranties whatsoever.

14.2 Contractor Facilities. Contractor will be responsible for procuring, managing, maintaining and otherwise making available all Contractor Resources necessary to provide the Services in accordance with the Requirements hereunder. Contractor will seek and obtain the State's prior written approval for any relocation of any Contractor Facilities at, from or through which the Services are provided and shall mitigate any impact to the State. Any such relocation shall be without additional cost to the State. No Contractor Facility providing Services pursuant to this Contract shall be located outside the United States.

15 AUDIT

15.1 Audit Rights. Contractor will maintain and cause its permitted contractors to maintain a complete audit trail of all transactions and activities, financial and non-financial, in connection with this Contract. Contractor will provide to the State, its internal or external auditors, clients, inspectors, regulators and other designated representatives, at reasonable times access to Contractor personnel and to any and all Contractor facilities or where the required information, data and records are maintained, for the purpose of performing audits and inspections of Contractor and/or Contractor personnel and/or any or all of the records, data and information applicable to this Contract. Contractor will not provide the State or any auditing party with access to any records or systems that contain the confidential information of Contractor's vendors or clients or other sensitive or proprietary information which are unrelated to this Contract. If such records or information are co-mingled with State Data or other records related to this Contract, Contractor reserves the right to redact or otherwise obscure such records or information. Any onsite audit or inspection of Contractor's facilities must occur during normal business hours, must be conducted at the State's expense, and will be subject to Ricoh's security policies and procedures. Furthermore, Contractor reserves the right to require any third party auditor to sign a commercially reasonable non-disclosure agreement prior to performing any audit or inspection. At a minimum, such audits, inspections and access shall be conducted to the extent permitted or required by any laws applicable to the State or Contractor (or such higher or more rigorous standards, if any, as State or Contractor applies to its own similar businesses, operations or activities), to (i) verify the accuracy of charges and invoices; (ii) verify the integrity of State Data and examine the systems that process, store, maintain, support and transmit that data; (iii) examine and verify Contractor's and/or its permitted contractors' operations and security procedures and controls; (iv) examine and verify Contractor's and/or its permitted contractors' disaster recovery planning and testing, business resumption and continuity planning and testing, contingency arrangements and insurance coverage; and (v) examine Contractor's and/or its permitted contractors' performance of the Services including audits of: (1) practices and procedures; (2) systems, communications and information technology; (3) general controls and physical and data/information security practices and procedures; (4) quality initiatives and quality assurance, (5) contingency and continuity planning,

disaster recovery and back-up procedures for processes, resources and data; (6) Contractor's and/or its permitted contractors' efficiency and costs in performing Services; (7) compliance with the terms of this Contract and applicable laws, and (9) any other matters reasonably requested by the State. Contractor shall provide and cause its permitted contractors to provide full cooperation to such auditors, inspectors, regulators and representatives in connection with audit functions and with regard to examinations by regulatory authorities, including the installation and operation of audit software.

15.2 Operations Security. The Contractor shall cause an SSAE 16 SOC 2 audit report to be conducted annually. The audit results and the Contractor's plan for addressing or resolution of the audit results shall be shared with the State within sixty (60) days of the Contractor's receipt of the audit results. Further, on an annual basis, within 90 days of the end of the Contractor's fiscal year, the Contractor shall transmit its annual audited financial statements to the State.

16 CONFLICTS OF INTEREST

Contractor shall fully disclose, in writing, any conflicts of interest or potential conflicts of interest in relation to the performance of its obligations under this Agreement.

17 MISCELLANEOUS

- 17.1 Taxes.** Most State purchases are not subject to federal or state sales or excise taxes and must be invoiced tax free. An exemption certificate will be furnished upon request covering taxable items. The Contractor agrees to pay all Vermont taxes which may be due as a result of this Contract.
- 17.2 Force Majeure.** Neither party shall be liable to the other for the failure or delay of performance of any obligation hereunder if such failure or delay is wholly or principally caused by acts or events beyond the nonperforming party's reasonable control making it illegal or impossible to perform their obligations under this Contract. The following events shall constitute Force Majeure for purposes of this Contract: acts of civil or military authority; fires, floods, earthquakes or other natural disasters; war or riots; or government embargoes. The nonperforming party asserting Force Majeure must promptly notify the other party of the event giving rise to the Force Majeure. Performance shall only be excused hereunder if the nonperforming party can prove that it made all reasonable efforts to remove, eliminate or minimize such cause of delay or damages, diligently pursued performance of its obligations under this Contract, substantially fulfilled all non-excused obligations, and timely notified the other party of the likelihood or actual occurrence of an event described in this paragraph.
- 17.3 Marketing.** Neither party to this Contract shall refer to the other party in any publicity materials, information pamphlets, press releases, research reports, advertising, sales promotions, trade shows, or marketing materials or similar communications to third parties.

ATTACHMENT G
SERVICE LEVEL AGREEMENT (SLA)

1. Buyer Level SLA

1.1 Purpose

The purpose of this addendum is to define service levels; service credit for failures in the performance of the service levels; as well as provide the Purchasing Entity with a defined replacement process for equipment performing below expectations. This SLA does not implicate or involve lease related invoicing rather it involves equipment performance and maintenance issues. The obligations set forth in this Attachment G shall only apply to Products that are receiving Maintenance Services under an active Maintenance Services Order, and shall not apply to down time or non-responsiveness resulting from causes outside the scope of Maintenance Services coverage, all as defined and further described in Attachment H.

1.2 Buyer Service Level Agreement

Contractor agrees to maintain the following service levels defined below as targets:

Performance Criteria	Target Level
Average Uptime	96% or Better
Average On-Site Response Time	4 Hours or Less
First Time Fix	80% of all service calls or better

These service levels will be measured on a quarterly basis between Contractor and the State.

1.3 Calculation of Service Level Points

Once per quarter, Contractor will produce reporting to be measured against the Service Level Agreement and points will be assigned according to the following chart. These points will be added to produce a total Service Level score. This score will be used to determine the subsequent service credit according to the following schedule where the service credit can be up to 4% of the previous quarter's service and supplies billing (expressed as a negative %).

	Target Level	Below Target 1	Below Target 2	Below Target 3	Below Target 4
Average Uptime	98% or Higher	97.9% - 96%	95.9% - 94%	94.9% - 94%	93.9% or lower
Possible Points	4	3	2	2	0
	Target Level	Below Target 1	Below Target 2	Below Target 3	Below Target 4
Average On-Site Response Time (in Hours)	4 or Less	4.1 – 5	5.1 - 6	6.1 - 7	7.1 or more
Possible Points	4	3	2	2	0
	Target Level	Below Target 1	Below Target 2	Below Target 3	Below Target 4
First Time Fix	80% or Higher	79.9% - 70%	69.9% - 60%	59.9% - 50%	Less than 50%
Possible Points	4	3	2	2	0

1.4 Penalty Level

	Target Level	Below Target 1	Below Target 2	Below Target 3	Below Target 4
Total Score	12 – 10	9 – 7	6 - 4	3 – 1	0
Service Credit/Award as a percentage of quarterly service and supplies billings	0%	-2.5%	-3.0%	-3.5%	-4.0%

The service credit shall be awarded to the Purchasing Entity as a credit or by check on the following period's service and supplies invoice.

1.5 Equipment Performance

Contractor guarantees the monthly uptime as measured on a quarterly basis by product segment listed below.

Group	Devices	Segments	Quarterly Uptime
--------------	----------------	-----------------	-------------------------

A	Copiers Black & White	All	96%
B	Copiers Color	All	96%
C	Wide Format Devices	All	96%
D	Printers (Color and Black &White)	All	96%
E	Digital Duplicators	All	96%
F	Scanners	All	96%

Any unit, including all accessories and software, supplied through this contract will be subject to replacement if such unit:

- (a) fails (except due to operator error) to operate in accordance with the manufacturer's published performance specifications four times in any four week period or
- (b) fails to maintain the 96% guaranteed monthly uptime level of performance (excluding service calls caused by operator error, and provided Contractor has been given a ninety (90) day cure period).

If 25% or less of the device's useful life has been used up, the device must be replaced with a "new device". A "like for like" device may be used if 25% or more of the useful life of the device has been used up and the Customer agrees to the "like for like" exchange. The 96% uptime requirement shall not apply to devices whose uptime depends, in large part, on the operator's efficiency in replacing operator replaceable components.

Should Contractor determine that it cannot maintain a unit of Equipment or an Accessory in good working order, Contractor shall, at its own expense, replace such Equipment with another unit of the same product designation as that Equipment (a "replacement unit") and Ricoh shall bear all installation, transportation, removal and rigging charges in connection with the installation of such replacement unit; provided, however that (a) subject to section 3.4.11.2 (Lemon Clause) of the Contractor's response to the Solicitation, the replacement unit may be a reconditioned or otherwise used unit rather than a new unit; and (b) if a replacement unit of the same product designation as the unit of Equipment it replaces is not available, the replacement unit may be a product of substantially similar or greater capabilities.

The replacement unit will be in "as new" condition, both in operation and appearance. In addition, all warranties and maintenance coverage that applied to the removed unit will also apply to the permanent replacement equipment.

A designated factory authorized technician must certify each unit's ability to produce acceptable impressions with acceptable copies between calls or uptime. The guarantee will remain in effect for the term of the contract or up to five (5) years from the date of purchase/lease, provided the equipment has not been subjected to abuse or neglect and has been continuously covered by The Ricoh WSCA Master Maintenance & Sale Agreement. This replacement policy will remain in

effect for the term of the contract and is subject to the Customer remaining current with supplier's payment requirements.

1.6 Additional Vendor Obligations

1.6.1 **Training** – On-going training as requested by the Purchasing Entity to be performed within two (2) weeks of requested date for on-site training and two (2) hours for phone/technical support.

To aid Purchasing Entity after the training session, Contractor shall provide a manual for every device for reference purposes. In addition, Contractor will offer Quick Reference Guides and 24-hour toll-free end-user technical support for everyday minor troubleshooting.

1.6.2 **Loaner Unit/Backup Production** – If any unit is inoperable due to equipment malfunction for a period in excess of 72 consecutive hours, as determined solely by Contractor, Contractor shall provide the Purchasing Entity with either:

- i) A loaner unit of equal or greater speed and capabilities until such time as the unit(s) covered by this agreement are operable, or
- ii) Provide the Purchasing Entity with off-site manned production capabilities to accomplish the work of the unit that is inoperable at the sole cost of the Contractor. Such costs shall be limited to cost of production (service and supplies), equipment, labor, power, transportation of jobs to and from the off-site production facility and facilities.

This Master Maintenance & Sale Agreement (“Agreement”) sets forth the specific terms and conditions under which Ricoh USA, Inc. (“Ricoh”) agrees to sell the specific equipment, software, and/or hardware (“Products”) identified on an Order (defined below) entered into pursuant to WSCA Contract #3091 hereunder and/or provide the services identified on an Order (“Services”) entered into hereunder to Customer (defined above) from time to time. Either party may terminate the “master” arrangement contemplated by this Agreement at any time upon prior written notice to the other. Termination of this Agreement shall not, however, alter or otherwise modify the rights or obligations of the parties with respect to any Order Form (each an “Order”) placed and accepted prior to such termination. Each Order is separately enforceable as a complete and independent binding agreement, independent of all other Orders, if any.

The following terms shall apply to all Service transactions:

1. **Services.** (a) In order to obtain Services from Ricoh hereunder, Customer will either (i) execute an Order (in a form to be provided and executed by Ricoh) or (ii) issue a valid and signed purchase order to Ricoh (each referred to in this Agreement as an “Order”) referencing WSCA Contract #3091 and the Vermont State Participating Addendum #_____ to which this Agreement is appended., Each Order must identify the specific equipment to be serviced, the term of the Service engagement, the location at which Services shall be performed and the applicable Service charges for such Order. Ricoh will not be responsible to provide Services for equipment, in the event the term or locations are not identified on the Order accepted by Ricoh.

(b) Ricoh will repair or replace in accordance with the terms and conditions of this Agreement and the manufacturer’s specifications any part of the Serviced Products that becomes unserviceable due to normal usage (other than consumable supplies). Failure to permit Ricoh to repair or replace the Serviced Products shall result in a material breach of this Agreement and excuse Ricoh from any and all future performance hereunder. Replacement parts will be furnished on an exchange basis and will be new, reconditioned or used. Except for hard drives on Customer-owned equipment, all parts removed due to replacement will become the property of Ricoh.

(c) The Services provided by Ricoh under an Order will not include the following: (i) repairs resulting from misuse (including without limitation improper voltage or the use of supplies that do not conform to the manufacturer’s specifications) or the failure to provide, or the failure of, adequate electrical power, air conditioning or humidity control; (ii) repairs made necessary by service performed by persons other than Ricoh representatives; (iii) service calls or work which Customer requests to be performed outside of Normal Business Hours (defined below) (unless covered under an extended hour service contract) and Service calls or work which Customer requests to be performed on Ricoh Holidays (defined below); (iv) removable cassette, copy cabinet, exit trays, or any item not related to the mechanical or electrical operation of the Serviced Products; (v) consumable supplies such as paper or staples, unless expressly provided for in this Order; (vi) repairs and/or service calls resulting from attachments not purchased from Ricoh; (vii) any software, system support or related connectivity unless specified in writing by Ricoh; (viii) parts no longer available from the applicable manufacturer; (ix) electrical work external to the Serviced Products, including problems resulting from overloaded or improper circuits; (x) installation or de-installation and/or movement of the Serviced Products from one location to another unless specified in writing by Ricoh; and (xi) repairs of damage or increase in service time caused by force majeure events. Damage to Serviced Products or parts arising from causes beyond the control of Ricoh are not covered by this Agreement. Ricoh may terminate its Service obligations under any Order for Serviced Products that have been modified, damaged, altered or serviced by personnel other than those employed by Ricoh.

2. **Service Calls.** Service calls will be made during 9:00am – 5:00pm local service time, Monday through Friday (“Normal Business Hours”) at the installation address shown on the applicable Order. Service does not include coverage on Ricoh holidays, which include New Year’s Day, Memorial Day, 4th of July, Labor Day, Thanksgiving, the day after Thanksgiving and Christmas Day (collectively, “Ricoh Holidays”). Travel and labor-time for the service calls after Normal Business Hours, on weekends and on Ricoh Holidays, if and when available and only in the event and to the extent that Ricoh agrees to provide such non-standard coverage, will be charged at overtime rates in effect at the time the service call is made. Customer is responsible for disconnecting, repairing and re-connecting unauthorized attachments or components.

3. **Reconditioning.** Reconditioning and similar major overhauls of Serviced Products may be covered by applicable manufacturer warranties, but are not covered by this Agreement or any Order. If Ricoh determines that such actions may be necessary as a result of normal wear and tear of materials and age factors caused by normal usage in order to keep the Serviced Products in working condition, Ricoh will submit to Customer an estimate of the needed repairs and the cost for such repairs (which costs will be in addition to the Service Charges payable under the Order).

4. **Engineering Changes.** Engineering changes, determined applicable by Ricoh, will be controlled and installed by Ricoh. Engineering changes which provide additional capabilities to the Ricoh Equipment (defined below) covered herein will be made at Customer's request at Ricoh's applicable time and material rates then in effect.

5. **Term.** Each Order shall become effective on the effective date of the Order and shall continue for the term identified in the Order should the customer wish to renew or extend the service agreement.

6. **Early Termination.** Customer may terminate any Order under this Agreement prior to its maturity so long as Customer is not then in default and provides Ricoh at least thirty (30) days prior written notice.

7. **Service Charges.** (a) Service charges ("Service Charges") will be set forth on an Order and will be payable by the Customer in advance. Service Charges will not include any charges for repairs or Service that are otherwise covered by the applicable manufacturer's limited warranty during the period covered by any such warranty, to the extent Ricoh has agreed with such manufacturer not to charge a customer for any such charges. Customer acknowledges and agrees that: (i) alterations, attachments, specification changes, or use by Customer of sub-standard supplies that cause excessive service calls may require an increase in Service Charges; (ii) the transfer of the Serviced Products from the location indicated on the applicable Order may result in an increase of Service Charges or the termination of the Order; and (iii) the Toner Inclusive Program (if applicable) is based on manufacturer supply consumption rates. Delivery of supplies will not exceed agreed upon usage. Consumption of covered supply products varying significantly from expected usage may result in additional charges for supplies.

8. **Use Of Recommended Supplies; Meter Readings.** (a) It is not a condition of this Agreement that Customer use only Ricoh-provided supplies. If Customer uses other than manufacturer-recommended supplies, including paper, developer, toner, and fuser oil, and if such supplies are defective or not acceptable for use on the Serviced Product or cause abnormally frequent service calls or service problems, then Ricoh may, at its option, assess a surcharge or terminate the applicable Order with respect to such Serviced Product. If so terminated, Customer will be offered Service on a "Per Call" basis at Ricoh's then-prevailing time and material rates.

(b) If Ricoh determines that Customer has used more supplies than the manufacturer's recommended specifications as provided by Ricoh, Customer will pay reasonable charges for those excess supplies and/or Ricoh may refuse Customer additional supply shipments. Customer agrees to provide Ricoh true and accurate meter readings monthly and in any reasonable manner requested by Ricoh, whether via telephone, email or otherwise. If accurate meter readings are not provided on a timely basis, Ricoh reserves the right to estimate the meter readings from previous meter readings and Customer agrees to pay Service Charges based on such estimated meter reads. Appropriate adjustments will be made to subsequent billing cycles following receipt of actual and accurate meter readings.

(c) As part of its Services, Ricoh may, at its discretion and dependent upon device capabilities, provide remote meter reading and equipment monitoring services using its @Remote solution. This may allow for automated meter reading and submission, automatic placement of low toner alerts, automatic placement of service calls in the event of a critical Product failure and may enable firmware upgrades. The meter count and other information collected by @Remote ("Data") is sent via the internet to remote servers some of which may be located outside the U.S. **@Remote cannot and does not collect Customer document content or user information.** Ricoh may also use the Data for its normal business purposes including product development and marketing research, however, the Data will not be provided to market research consultants in a form that personally identifies the Customer. Ricoh may dispose of the Data at any time and without notice. The @Remote technology is the confidential and proprietary information of Ricoh and/or its licensors protected by copyright, trade secret and other laws and treaties. Ricoh retains full title, ownership and all intellectual property rights in and to @Remote. In the event Customer does not rely on automatic meter reading devices or equipment monitoring services; Ricoh reserves the right to assess a surcharge for manual meter reads in addition to the Service Charges.

9. **Basic Connectivity Services.** If any software, system support or related connectivity Services are specifically set forth on an Order and accepted by Ricoh, Ricoh shall provide any such Services at the Customer's location set forth in the Order, as applicable, or on a remote basis. Customer shall provide Ricoh with such access to its facilities, networks and systems as may be reasonably necessary for Ricoh to perform such Services. Customer acknowledges that Ricoh's performance of any such Services is dependent upon Customer's timely and effective performance of its responsibilities as set forth in the Order, as applicable. Unless connectivity Services are specifically identified in the Order as part of the Services to be performed by Ricoh, Ricoh shall have no obligation to perform and no responsibility for the connection of any hardware or software to any Customer network or system.

10. **IT Services and Professional Services.** Customer may acquire connectivity, IT and professional services from Ricoh by executing and delivering to Ricoh an Order for acceptance and by executing a Statement of Work ("SOW") setting forth the specific services to be provided. The applicable Order applies to Ricoh IT Services or other professional services (the "ITS/PS Services"). Ricoh shall provide any such ITS/PS Services at the Customer's location(s) or on a remote basis as set forth in the SOW. Customer shall provide Ricoh with such access to its facilities, networks and systems as may be reasonably necessary for Ricoh to perform such ITS/PS Services. Customer acknowledges that Ricoh's performance of any such ITS/PS Services are dependent upon Customer's timely and effective performance of its responsibilities as set forth in the SOW. Estimated delivery and/or service schedules contained in any Order or SOW are non-binding estimates.

11. **Customer Obligations.** Customer agrees to provide a proper place for the use of the Serviced Products, including but not limited to, electric service, as specified by the manufacturer. Customer will provide adequate facilities (at no charge) for use by Ricoh representatives in connection with the Service of the Serviced Products hereunder within a reasonable distance of the Serviced Products. Customer agrees to provide such access to its facilities, networks and systems as may be reasonably necessary for Ricoh to perform its Services, including but not limited to “360 degree” service access to the Serviced Products. Unless otherwise agreed upon by Ricoh in writing or designated in the applicable Order, all supplies for use with the Serviced Products will be provided by Customer and will be available “on site” for servicing. Customer agrees that any systems utilizing similar supplies must be covered under similar inclusive service programs.

The following terms shall apply to all Product sale transactions:

14. **Order, Delivery and Acceptance.** Each Order must identify the Products, the Product delivery location and the applicable Product charges. Ricoh will not be obligated to sell or deliver Products or Services for which such information is not provided in an Order accepted by Ricoh. Unless otherwise agreed upon by both parties in writing, (a) delivery of Products to common carrier or, in the case of an arranged delivery by a local Ricoh installation vehicle, actual delivery by such vehicle to Customer shipping point, shall constitute delivery to Customer, and (b) Customer shall be responsible for all installation, transportation and rigging expenses. Customer agrees to confirm delivery of all Products covered by each Order when the same is delivered by signing a delivery and acceptance certificate or written delivery acknowledgement. Unless otherwise agreed upon by both parties in writing, signing the delivery and acceptance certificate constitutes Acceptance of the Product(s) and allows Ricoh to invoice for the Product(s). Orders shall not be cancelable by Customer following acceptance by Ricoh.- Ricoh reserves the right to make Product deliveries in installments. All such installments shall be separately invoiced and paid for when due, without regard to subsequent deliveries. Delay in delivery of any installment shall not relieve Customer of its obligation to accept remaining installments and remit payments as invoiced by Ricoh. Ricoh reserves the right at any time to revoke any credit extended to Customer because of Customer’s failure to pay for any Products when due or for any other credit reason.

15. **Returns; Damaged Products.** No Products may be returned without Ricoh’s prior written consent. Only consumable goods invoiced within sixty (60) days will be considered for return. On authorized returns, Customer agrees to pay a restocking charge equivalent to thirty percent (30%) of the purchase price.
